Yousef Amjad AL-Dagher

Amman-Jordan, **+962775577042**, yousef.dagheer@gmail.com

Enthusiastic and multi-skilled Mechanical Engineer, holding a bachelor's degree in mechanical engineering from Tafila Technical University. Strong experience in engineering design and analysis, in addition to training at Al Raja International Company in the field of "SolidWorks, Revit" and holding a training certificate in that, where he demonstrated strong technical skills and a customer-oriented approach. Proficient in engineering design software and quality management systems, with experience in ICDL standards. Exceptional team player with leadership skills and ability to learn quickly, committed to providing innovative and high-quality strategic solutions to drive business growth and overcome challenges.

EXPERIENCE

The Hope International
SolidWorks:

30 hours of training in the fields of design, simulation, assembly and drawing, and he obtained a certificate of experience in that. under the supervision of Eng. Ahmed Ayash

Revit:

32 Foundation Hours in Revit Software
under the supervision of Eng. Badr Rahhal

Jordan Engineers Association:

1) Certificate of attendance of the Young Mechanical Engineers Committee workshop in cooperation with Al Masar Company. This certificate was obtained after attending the Clean Agent Fire Suppression Systems Workshop for 4 training hours.
2) Certificate of Attendance Workshop Young Mechanical Engineers Committee in cooperation with Engineers Training Center - Ma'an and Aqaba Branches, this certificate was obtained after attending the workshop
Risk Management and Business Continuity for (3) hours.
3)Certificate of Attendance of the Young Engineers Committee Workshop - Mechanical Engineering Department
Attended the workshop How to start in the field of energy efficiency, which was held at the Jordan Engineers Association, (3) training hours during the period 03/19/2023.

EDUCATION

Since 2020 until now:

Tafila Technical University:

Bachelor of Mechanical Engineering, Production Mechanics and Machinery

SKILLS

- Photographer
- Computer Skills
- Fast Learning
- Editor

- Leadership
- Teamwork /Team Spirit
- Collaboration
- ICDL
